Renben Comes to Town.

Our City Cousins to Drop in To-
day. Bring their Knittin'
and Have Old-Time,
Social Chat.

This morning, at about 10:30 o'clock
one of the finest trains ever sent out
by the reliable old L. and N. railroad
will pull into the Lancaster depot. It
will consist of several Pullman pal-

Wm. Thalheimer,
Chm. Transportation Committee.

ace cars, a smoker, baggage and din-
ing car. The latter will be laden with
everything calculated to please the
inner man. On board will be about
one hundred of Louisville's most suc-
cessful and prominent business men,
all out for a visit to their friends in
the Blue Grass region. The local

Jno. J. Telford,
Chairman Transportation Committee.

Commercial Club has been notified
that the delegation wants every busi-
ness man in the town and county to
meet the train, come aboard, get ac-
quainted and spend a time as their
guests. In order to do this, the local
people will assemble on the Public
Square at ten o'clock and proceed to
the depot in a body. After the arri-
val at the train and the reception
there by the Louisville people, the en-
tire party will march up Stanford
street, around the Square and to the
Opera House. The famous Newsboys'
Band, of thirty men, will precede the
party, and on arrival at the Court
House will drop out and go to the
front portico, where they will play
until the party is ready to leave.

Mayor R. Kinnaird Delivers the Key.

Arriving at Opera House, Mayor R.
Kinnaird will present the key to the
city and Gov. W. O. Bradley make an
address of welcome. Speeches will be
made by several of the visitors, among
the number being Col. Marmaduke B.
Bowden, well known here.

After the speeches, the party will
repair to the elegant New Garrard

THE NEW GARRARD HOTEL.
Hotel, where Mine Host, T. B. Long
will spread the following

DUTCH LUNCHEON:
Cold Country Ham,
Cold Tongue,
Imported Swiss Cheese,
Growned Ham Sandwiches,
Tongue Sandwiches,
Switzer Cheese Sandwiches,
Chicken Salad,
Olives, Pickles, Slaw, Rye Bread,
Salted Wafers, Radishes,
Butter Milk, Iced Tea.

The Club will also serve the famous
"Fourth of July," a soft drink which
only Col. Tom Wherritt can make, and
which is pronounced by all who have
been up against it to be the finest
drink a man ever surrounded. It is
very much on the order of lemonade,
only a little more "strength" is ad-
ded, and will make a man wish with
Heliogabius, that his neck was a
"Stadia" long, that the pleasure may
be prolonged. This part of the pro-
gram will be wholly informal and dur-
ing its progress the business men will

President H. T. Logan will Extend
the Glad Hand.

engage in social chat, swap lies, talk
about the neighbors and enjoy the se-
dative Havana. As the visitors have
to make several other towns today,
their stay will of necessity be rather
brief, but the program as given above
will be carried out, if we have to re-
sort to force to keep our guests with
us.

At the Hotel reception, Mr. Hugh
T. Logan, president of the local Com-
mercial Club, will have charge, and

see that the visitors are made to feel
at home.

The following Louisville firms will
be represented:

Avery & Sons, B. F.
Ahrens & Ott mfg Co.
Baird & Son, David.
Bradstreet & Co., The
Brinley-Hardy Co.

Lancaster Commercial Club.
This organization was formed about
two years ago. At the outset, some
good work was accomplished, but in-
terest began to lag and, finally, no at-
tempt was made to hold meetings. A
few months ago, some of the more en-
thusiastic business men began to re-
alize the fact that the only way to se-
cure improvements for the town was
by organized effort, and the Club was
reorganized. The roster of officers is
as follows:

Hugh T. Logan, Pres.
J. W. Elmore, Vice Pres.
J. M. Farra, Sec'y.
W. O. Rigney, Treasurer.
DIRECTORS:
Louis Landram, John E. Stormes,
John M. Logan, W. O. Rigney,
K. F. Postel.

The Club holds a regular meeting
every month, but called meetings are
held whenever it is deemed necessary.
It is the purpose of this Club to push
Lancaster's interests and work for
her advancement in business affairs.
Its members are young men, who be-
lieve in up-to-date methods, and are
men who will cheerfully give of their
means to secure anything that will
better the town and county. The
dues are but a trifle, and, in fact are
so small that any one can afford to
come in, except he be of the close-listed
kind who would be a drawback in-
stead of a benefit to the organization.
The officers are always ready to attend
the meetings. The Club is to be con-
gratulated upon having the best sec-
retary in the state, Mr. John M. Far-
ra. This man has done more to secure
improvements for the town than any
two others, and in making this state-
ment we know it will not be contra-
dicted. He is gifted with the ability
of setting out a plan so plainly that
anyone can see the advantage there-
of. If we had more men like Mr.
Farra, Lancaster, instead of Louis-
ville, would soon be the metropolis of
the state.

Died in Atlanta.
News was received yesterday of the
death of the infant son of Mr. and Mrs.
William S. Elkin, in Atlanta. The re-
mains were interred in that city. Mr.
Elkin is a son of Capt. T. A. Elkin, of
this city, and has many friends here
who extend their sympathy.

JOHN M. FARRA, Secretary.

WE WANT TRAINS.

We're After a Train Service which
will be of Inestimable Benefit to
Every one in This Section of
Kentucky.

As the proposition submitted to the
officials of the L. and N. regarding
the change of trains is not generally
understood, The Record will state,
in a few words, what it is we want.
As is known, we only have a
passenger train through Lancaster at
night, it running from Cincinnati
to Rowland and connecting with
north and south-bound Louisville-
Knoxville trains at Rowland, and
returning back to Cincinnati, reaching
there at 7:30 a. m. This furnishes
our people a most excellent mail and
express service, which is duly appre-
ciated, but so far as passengers are
concerned, it works a hardship on
them, as it takes a night's rest going
and another night out getting back
from Louisville, and almost the same
in going to Cincinnati. What we want
is to have the day trains now running
from Cincinnati to Livingston run to
Rowland and connect there with Lou-
isville-Middlesboro trains north and
south, thus giving us a direct con-
nection to Louisville and the people at
Stanford, Junction City, Livingston,
Crab Orchard, etc., a direct con-
nection to Cincinnati. If the company
will put on a ladies car at Louisville,
pull it to Rowland, switch to K. C.
train and run to Cincinnati and then
run a ladies car from Cincinnati to
Rowland and attach to Louisville
train, it will give a through car ser-
vice from all towns on the K. C. and
K. D. to both Cincinnati and Louis-
ville.

As it is now, the day connections to
Louisville are all right, but coming
home, people on this branch are com-
pelled to wait several hours in Stan-
ford. (We neglected to say above that
our day trains are "mixed," or jerk-
water trains.) This change will save
the company on train, in that the
crew can make the run from Cincin-
nati and return, as they do at night,
and alternate with other crews, thus
keeping over-work off the men. This
whole proposition has been carefully
prepared, typewritten and filed with
the officials, together with a time ta-
ble, printed at this office, showing the
running time of all passenger trains
on the K. C. and K. D. The officials
have had the matter under considera-
tion for some time, and last week
Messrs. John M. Farra, Dr. J. B. Kin-
naird and Louis Landram went to
Louisville and had a long confab with
Mr. Phelps, the master of transporta-
tion. The latter said it would upset
the running time which had been in
vogue on the L. and N. for some 20
years. However, we believe that the
railroad people will see the advanta-
ges it will derive from the change and
make their time cards accordingly.
We will say here, that in order to fur-
ther reduce expenses on the K. C., the
Lancaster people showed the company
where they could run a through train
from Maysville to Louisville (via Lex-
ington, Paris, Cynthia, Frankfort,
etc.), and return the same day, thus
giving a through car service from
North-eastern Kentucky to Louisville,
something the company now, does not
furnish. There are a number of other
excellent features in this matter, but
we haven't the space here to go
into details.

The Water Works.

As our readers are aware, a vote was
taken in this city, two years ago next
November, on the question of grant-
ing a franchise for putting in a sys-
tem of water works. The proposition
carried by a majority practically
unanimous in its favor of the grant-
ing of the franchise. This franchise
was sold to a St. Louis firm, there be-
ing other bidders, or applicants in the
field waiting to take it. The limit of
time granted the firm to put in the
plant was two years. For some reason,
we know not what, nothing has
ever been done by the St. Louis peo-
ple. The citizens of the town, realiz-
ing our need of the system, are grow-
ing very impatient on the subject, and
steps will soon be taken to bring the
matter to a successful end. The wa-
ter is to be obtained from Dix river, a
distance of some three miles, and will

be taken from a hole of water about
four miles in length into which pour
numerous springs and has never been
known to go dry or get low enough to
become stagnant. In the franchise,
the city agrees to rent enough fire
fire plugs to protect property, while
the company receiving the franchise
is to furnish a certain amount of wa-
ter for flushing the streets. As stated
above, the Commercial Club will take
this matter in hand shortly and see
that the will of the people expressed
at the polls is carried out.

Surveyors at Work.

The Southern Railway has placed
another corps of engineers at work to
make a final, or locating line through
Garrard county. The party commen-
ed work at Burgin Thursday, and will
be in this county within the next few
days. This survey is to decide upon
the exact route the road will take, and
will require much more time than did
the preliminary made some time ago.
Some of our weak-kneed citizens will
now probably come to the conclusion
that this road will be built, and quit
their idle gab about the work being
done to bluff the Cincinnati Southern
people into a lease of their road. As
stated in The Record recently, the
deal for the Cincinnati Southern has
practically been completed, and only
requires a few finishing touches. That,
however, has nothing whatever to do
with the building of the Burgin-Lex-
ington extension. This link is going to be
made, and for the thousandth time,
The Record will say Garrard county
will get it if she will give the right of
way. Boyle county is trying to move
the earth and the fullness thereof to
get the road, and if they offer the
right of way and a big cash gift to the
road, the company, as a matter of
course, will build that way in prefer-
ence to having to buy the right of way
through this county. A few wisemen,
to whom The Record does not
readily and consult on every propo-
sition that comes up have said this
paper didn't know what it was talking
about, and when we said there would
be another survey made, they simply
booted at the idea. But our predic-
tions are coming true just the same,
and our readers will see that every-
thing we have claimed will come to
pass. We have doubtless made our
readers weary with so much talk on
this subject, but if any one will sug-
gest a matter that is of more impor-
tance to Garrard county, we will make
haste to shut up on the subject.
Fortunately, we have the Commu-
nial Club organized on a firm basis, and
if those people out in the county who
are interested in the matter goodness
knows, you all ought to be will come
in and add their names to the list, at-
tend the meetings and conferences,
this right of way can be secured, but
if the matter is allowed to drag along,
and every fellow wait for some one
else to push it, we will be left with
the bag to hold. Get in the band
wagon and help root for your county.
We have the best one in the state, and
let's pull for her interest.

THE CENTRAL RECORD was estab-
lished April, 1, 1890, by James R.
Marres, formerly of the Danville Advo-
cate. It was bought, April 11, 1895,
by the present owner, Louis Landram.
The office, in addition to being well
equipped for printing the paper, is
fitted in first-class shape for doing all
kinds of job work. The presses are
driven by steam, the Record is all

"home print," and is sent to its 1,200
readers every Thursday at \$1.00 per
year. The Record is strictly a local
paper, and makes no attempt at tel-
ling the officials how to govern the af-
fairs of the Nation, but sticks to its
own local field, prints the home news
and looks after the best interests of
Lancaster and Garrard county.

CAPT. FRANKLIN J. WHITE.
Eighty years old, but he's three gal-
leys of braver a day on the Record,
and offers to run a foot race with any
member of the Louisville delegation.

An Enterprising Firm.
The local Club is under Messrs.
Friedman, Keller & Co., of Paducah,
the proprietors of the Pilgrimage Dis-
tillery in this city, for favors in pre-
paring for today's entertainment. The
Pilgrimage is one of the largest
distilleries in the Blue Grass section,
and is said by those who are posted on
such matters to be the best equipped.
Their goods have a national reputa-
tion, and are sold all over the country.
The firm is composed of gentlemen
who are always ready to assist in any
public enterprise, and they have never
failed to come to the front with a
liberal donation whenever our citizens
arranged for the entertainment of
visitors.

THE LANCASTER GRADED SCHOOL.

The Lancaster Graded School was
organized by a direct vote of the peo-
ple living in Common School District
No. 24, in the spring of 1895, and the
first session of the school opened in the
following September with six teachers
and about one hundred and eighty
pupils. The school has steadily in-
creased in popularity and attendance
until now, when there are eight teach-
ers employed and about three hundred
and fifty pupils enrolled. The trustees
of this school purchased the property,
building and grounds, belonging to the
trustees of Garrard College, which is
considered the most available graded
school property in the state outside of
the larger cities. The main building
is a two story brick, with large recita-
tion rooms, and with a little remodel-
ing will accommodate at least five
hundred pupils. The grounds cover
an area of about five acres and are
ornamented with beautiful shade trees
and flowers. The entire property is
valued at \$25,000.

The school is maintained by a prop-
erty tax of 2 1/2 mills on all the property
within the district and a poll tax of
\$1.50. The average cost of each child
in school per month is only about \$1.48.
When the amount of work is considered

and the thoroughness of the course of
study, the cost of education per capita
is less in Lancaster than any other
graded school in the state. There are
twelve grades in the school, including
a four year's course in the High School
Department, one of the highest courses
in the state. The Graded School is one
of the affiliated schools of the state
college and graduates from our school
may enter the Junior class in the A.
& M. College without further exami-
nation. The trustees have made but
two or three changes of the personnel
of the faculty since the organization
of the school and such changes as have
been made have greatly benefited
the school. The teachers in the vari-
ous departments are graduates of some
of the leading colleges of our country
and have made special preparations
for teaching. In order to demonstrate
the close relation of sympathy with
teacher, child and parent, it is only
necessary to say that there has not
been a pupil suspended or expelled
from school for three years. All in all,
the school is considered one of the best
of its kind throughout the county,
after which many of our neighboring
towns are modelling their schools, and
it is the pride of Lancaster.

CENTRAL RECORD.

— An Independent, Local Newspaper. —

ISSUED WEEKLY.

LOUIS LAYBROOK, Editor and Publisher.

Lancaster, Ky., June 19, 1901.

We will have within our gates to-day a body of the best, and most successful business men in the South. Although they will tarry but an hour or so, yet their visit will be appreciated by every one who is for progress and new ideas. At first thought, this visit appears to have been gotten up for the sole purpose of getting a good chance to sell goods. This is a mistaken idea. The visitors do not propose to talk shop. They merely come to get better acquainted with the local business men in order that the people out in the state and those of the city of Louisville will come in closer contact and feel more like pulling together for the advancement of the state's interests. Louisville's interests are Garrard county's interests. What is of benefit to us is of final benefit to them. What the hustling business men of Louisville are after is to awaken the citizens of Kentucky to the importance of developing to the fullest extent the many resources of the state. Every man knows that our state is about one hundred years behind the procession, and they also know the reason therefor is the fact that there has been no organized effort upon the part of our people to bring out the many natural resources we have at hand.

We all are painfully aware of the fact that the advancement of Kentucky has been greatly hampered and retarded by an overproduction of politics and jackleg politicians. In order that "our party" may win, we have voted for anything stuck on the ticket, wholly without regard to "its" qualification for office. The result of this has been the enactment of laws that drive capital from our state and make the men here afraid to invest a dollar, simply because they have no assurance whatever that a fool law will not be enacted that will bankrupt them.

The business men of Louisville have undertaken to arouse the people of the state to the necessity of giving more attention to developing our resources, pulling together, and working for the advancement of Kentucky's welfare. In this they should receive the earnest support of every true Kentuckian. The people should lay aside politics for a while, go to work and try to improve our state so that capital will find its way into our borders, skilled laboring men will come here without fear of either being taxed to death or shot by some street-corner, leading politician.

One of the greatest mistakes of Kentuckians is the foolish idea that they must go to some city other than Louisville to buy their goods. Every honest merchant in the state will agree that it is not right to buy goods away from home when they can get the same articles from wholesale men in their own state just as good, and oftentimes cheaper than what they buy in other states. Any man will say, "Oh, yes, I would like to see Louisville lead other cities in volume of business," but how do you expect it to do so if you buy your goods from some up-East Yankee and send your money where you will never see it any more? This is a pretty serious problem, and unless the merchants think over the matter and do their part toward Louisville, they should quit yelling to the trade in their home town about going away to buy goods. We never saw a Kentuckian who would not "blow" of the fact that he was bred in old Kentucky. Well, if he is so proud of the fact, why doesn't he think other Kentuckians are good enough for him to spend his money with? Its a poor rule that will not work both ways. Our local readers know we are a crank on the subject of patronizing home industries, but we will never regret one word we have said in preaching that gospel.

HON. MARK HANNA has been appointed a colonel on the staff of some high mogul in the G. A. R. This is all right and entirely in keeping with such organizations. Nine out of every ten leaders in the old "soldiers" associations were never within ten miles of a battle. Those who bore the burden and heat of the day during the civil war were glad to quit talking about the trouble as soon as peace was declared, but the camp-follower gets in his work in making speeches at reunions and telling how "we" whipped 'em. There are honorable exceptions in both the G. A. R. and Confederate organizations we admit, but take it any one side and down the other, the larger part thereof were never in hearing distance of a battle. They ought to quit talking about that trouble, anyway, and if a few of the burr-tail element could be speckled it would never be brought up.

ONE of the most obliging men we have heard of was the multi-millionaire president of the Wells-Fargo Express Co. Miss Cornelia Bixler, of Wyoming, was engaged to another fellow, but President Tevis' millions tickled her fancy and she sent back the other fellow's lock of hair and married Tevis. In less than a month, Tevis died, leaving the young widow a million dollars. She will now wail the sweetest of her childhood days, and often think what a clever fellow Tevis was.

"CITY'S HARVEST. Four weddings in Cincinnati tonight," reads a glaring headline in a daily paper. With all this boom down there and yet the name of Jim Allen has not been given as one of the promising and prominent grooms. Come down here, old boy, we'll find you a woman who wants to take a boy to raise.

Rev. HENRY KES, an evangelist, of Omaha, says, "In country towns its Sunday barber shops, and not the bar rooms that are demoralizing the young men." He has evidently been up against a Sunday slave in a small town. If one of them would not demoralize a man, he must be made of unusually good stuff.

LOUISVILLE.

Louisville is the gateway to the South and has a population within a radius of four miles of 400,000. Louisville has 10 great Railroad systems.

Louisville has the largest Banking capital in the South.

Louisville is the largest tobacco market in the world.

Louisville is the largest whisky market in the world.

Louisville is the largest jeans market in the world.

Louisville leads the world in cement plows, farm wagons and sole leather.

Louisville market for live stock is unequalled in the world.

Louisville houses offer large and magnificent lines of dry goods, clothing, boots and shoes, hats, millinery, hardware, saddlery, etc., second to no other city in the world.

LANCASTER HAS

Four Churches.
One Graded School.
Two Banks.
Three Flouring Mills, capacity 250 barrels per day.
Three Planing Mills.
One Distillery, capacity

Two Carriage Factories.
Three Hardware Stores.
Three Drug Stores.
Five Dry Goods Stores.
Three Millinery Stores.
Three Clothing Stores.
Eight Grocery Stores.
Two Furniture Stores.
Two Jewelry Stores.
Five Saddle and Harness Stores.
Two Carpet Stores.
Two Butcher Shops.
One General Produce House.
Four Blacksmith Shops.
Three Barber Shops.
One Bowling Alley.
One Opera House.
Three Hemp handling houses.
One Tobacco handling house.
Three Livestock Stables.
Three Hotels, the Garrard, Mason and Best.

One Building and Loan Association.
One Restaurant.
Three Coal Merchants.
One Marble Yard.
One Training Stable.
One Stock yard, capacity 1,500.
Commercial Club.
One Electric Light Plant.
One Telephone system, covering entire county, with connections to all principal cities.
One Railroad, L. & N.

Call at McRoberts' Drug Store and get a free sample of Chamberlain's Stomach and Liver Tablets. They are an elegant physic. They also improve the appetite, strengthen the digestion and regulate the liver and bowels. They are easy to take and pleasant in effect.

GARRARD COUNTY.

A Few Facts as to What We Have, and What We Need. Little more "Hustling" Needed.

Garrard county is considered one of the best counties in the state, or in the Blue Grass belt. It extends from Southeast to Northwest, 40 miles to the East and West, eighteen miles, centrally located in the State, the soil is diversified, from East to West we have limestone formation, Northeast sandstone, the soil is very rich and productive. The farmers are honest, intelligent, industrious and are busily engaged in raising immense quantities of hemp, wheat, tobacco, corn, etc. The principal product of the county, last year or the crops of 1900, total yield of hemp about 2,500,000 pounds, revenue to the farmers of \$140,000; wheat 300,000 bushels \$210,000; tobacco over 1,500,000, \$105,000; corn 1,250,000 bushels, \$50,000. Bluegrass grows luxuriant, the soil being naturally adapted to it.

Our farmers are engaged extensively in feeding and grazing cattle for export, also hogs, sheep, horses and mules, for which the county has the reputation of having the best in the State.

Lancaster, the county seat, is a live town, with a population of about two thousand, all the residences are well cared for, the yards are green, and the streets clean. The business houses are large and commodious, none better in the State, two excellent banks, two flouring mills, two hemp and grain warehouses, two planing mills; hotel facilities are excellent, and without exception the best Graded School in the State. Some of our business citizens have retired with a sufficient competency. The young men of the town have been brought up in a business atmosphere, and former Lancaster young men can be found engaged in successful business in almost every town of importance in the South and West.

Our little city is noted for its kindness to strangers, and guests within her gates are treated with the most generous hospitality.

We need another Railroad—we have no complaint whatever to make against the Louisville and Nashville, which passes through our city and does an immense business. We should ask ourselves the question, "What would our town and county be without the L. & N. Railroad?" We are the friends of the L. & N. railroad, and we must say in all earnestness and kindness, they are accommodating to their customers. We don't want to detract or deprive the L. & N. railroad of any of her business. But we believe with another line of Railroad through our city the business would be more than doubled, and the business of the L. & N. would be increased rather than decreased, with another line of railroad both roads would have a good paying business at this place. We think the business men of Lancaster and the citizens of the county should put forth every effort possible to secure another railroad, the extension of the Southern from Burgin via Lancaster to Jellico. This line will certainly be built, we think there is no mistake about it. But we should remember the surveyors are at work running different lines to use the most practicable route through adjoining counties, and shrewd business men in these towns and counties, realizing the benefits to be derived from the road are at work to secure this extension through their county and town, so let us make no objections or throw any obstacles in the way of this extension of the Southern railroad, be willing to accept reasonable damages for lands over which it may pass.

This is our great opportunity, will we work for it, or sit idly until the opportunity is past and the road located, built and running within hearing distance of the whistle of the locomotive? If the citizens of Garrard county would join their interest in working for this railroad, every one working to one end: what could they not accomplish? This road would be built beyond doubt via Lancaster.

A Gentle Hint.

In our style of climate, with its sudden changes of temperature, rain, wind and sunshine often intermingled in a single day, it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Beech's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any other disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. Get a sample bottle free at Stornes Drug Store. Regular size 75cts. Get Green's Prize Almanac, July-18.

Mrs. McKinley's condition continues to show improvement.

Mr W S Whedon, Cashier of the First National Bank of Winterset, Iowa, in a recent letter gives some experience with a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed that one dose cured him, and he is again at his work." For sale by R E McRoberts, Druggist.

PREACHERSVILLE.

Fine rains last week.

J J Thompson is able to be out again.

Little Ruth Rogers fell last week and broke her arm.

S Morgan bought several hogs in this neighborhood for 5c.

D M Anderson sold two sows and pigs to Bird Matheny for \$32.50.

J B Hutchins is having a cistern dug, which will be completed soon.

W. P. Grimes traded a nice mare to R A Matheny for a nice work mule.

Mr and Mrs A J Thompson, W H Brown and wife, and Jack Sutton and wife, were called to Rockcastle county Friday, to attend the burial of Mrs Thompson's father. In this hour of distress we point you to Jesus, may the Lord sustain you all.

Our camp meeting is almost here. We will have a large dining hall where all can get plenty to eat at 25 cents per meal, families camping on the grounds will be fed at about half price. Persons wanting tents must notify J L Hutchins, not later than June 25, and they will be furnished at \$3.25 each.

Mr John L. Kennedy has been spending a few days with home folks. Dr Hizer gave a strawberry supper a few nights ago, all report a nice time. John Blankenship and daughter, of Livingston, are visiting their parents, Henry Blankenship and wife. Mrs. Lela Rigby has been visiting her sister, Mrs Gray, at Lebanon Junction, for a few days. Mr and Mrs Menifee Elmore, were visiting W H Cummings and family last week. Miss Katers has been visiting friends at Rowland.

GILES.

Farmers are greatly behind with their work.

A few good laboring men can find employment in this neighborhood. Unless work is soon done on crops, they will fall short.

A. H. Bastin, of your city, will soon have telephone wires stretched to this point. He is a hustler, and a fine business man. His son, Henry, is a splendid young fellow.

While attempting to cross the swollen creek at the mouth of Paint Lick, the ten-year-old son of John Simpson was drowned. His horse fell and he was unable to reach the shore. His body was found next morning lodged in a brush pile. He was a bright little fellow, and the family have sympathy in their great loss.

JUDSON.

Spring chickens are ripe in this locality.

More damage was done by rain in this section last Thursday than for years. Some corn fields wont need the last ploughing.

Uncle Horatio Naylor was reported dead, however, the report is false; consequently, Uncle Derashy is still on deck and at his post. George W. Naylor, Sen., is quite sick. James M Saunders remains in a critical condition.

Taylor Roney, our enterprising merchant, is doing a land office business with his grist mill. Little girls of the neighborhood go to mill, and are delighted in more ways than one. Last Friday we met a beautiful dancsel, apparently about sixteen summers, on horseback, on her way to mill. Eye hath not seen, ear hath not heard, neither hath it entered into the heart of man what the twentieth century hath in store for woman, principally because of the cussedness of men.

How It Is Done.

The first object in life with the American people is to "get rich," the second, how to regain good health. The first can be obtained by energy, honesty and saving; the second, (good health) by using Green's August Flower. Should you be a despondent sufferer from any of the effects of Dyspepsia, Liver Complaint, Appendicitis, Indigestion, etc., such as Sick Headache, Palpitation of the Heart, Sour Stomach, Habitual Constiveness, Dizziness of the head, Nervous Prostration, Low Spirits, etc., you need not suffer another day. Two doses of the well known August Flower will relieve you at once. Go to Stornes drug store and get a sample bottle free. Regular size 75c. Get Green's Prize Almanac, July-18.

Cannibals massacred two missionaries and fourteen native teachers in New Guinea. The missionaries were eaten.

Eczema, salt rheum, tetter, chafing, itchy poisoning and all skin troubles are quickly cured by DeWitt's Witch Hazel Salve. The certain pile cure, F P Frisbie.

Sharp Nose, an Arapahoe Indian chief, who has caused Indian agents much trouble, is dead.

A surgical operation is not necessary to cure piles. DeWitt's Witch Hazel Salve saves all that expense and never fails. Beware of counterfeits, F. P. Frisbie.

Five negro murderers were executed simultaneously at Sylvania, Ga.

A Good Cough Medicine.

It speaks well for Chamberlain's Cough Remedy when druggists use it in their own families in preference to any other. "I have sold Chamberlain's Cough Remedy for the past five years with complete satisfaction to myself and customers," says Druggist J Goldsmith, Van Etten, N. Y. "I have always used it in my own family both for ordinary coughs and colds and colds and for the cough following la grippe, and find it very efficacious." For sale by R E McRoberts, Druggist.

The son of Gen. Phil Sheridan was reduced to the ranks from a lieutenant in the West Point cadet corps.

"The doctors told me my cough was incurable. One Minute Cough Cure made me a well man." Norris Silver, North Stratford, N. H.—Because you have not found relief from a stubborn cough, don't despair. One Minute Cough Cure has cured thousands and it will cure you. Safe and sure. F. P. Frisbie.

Henry E. Jenkins, former Mayor of Bowling Green, died from illness caused by an over hearty vegetable dinner. He was married only a few days ago.

"A few months ago, food which I ate for breakfast would not remain on my stomach for half an hour. I used one bottle of your Kodol Dyspepsia Cure and can now eat my breakfast and other meals with a relish and my food is thoroughly digested. Nothing equals Kodol Dyspepsia Cure for stomach troubles. H S Pitts, Arlington, Tex. Kodol Dyspepsia Cure digests what you eat. F P Frisbie.

John Wanamaker has offered a minimum of \$2,500,000 to the city of Philadelphia for street railway franchises about to be granted to politicians with promise to give the city nothing.

Dyspepsia cannot be long lived, because to live requires nourishment. Food is not nourishing until it is digested. A disordered stomach cannot digest food, it must have assistance. Kodol Dyspepsia Cure digests all kind of food without aid from the stomach, allowing it to rest and regain its natural functions. Its elements are exactly the same as the natural digestive fluids and it simply can't help but do you good. F P Frisbie.

According to reports from the cotton belt the prospects are favorable for an abundant yield of the Southern staple, though the planters have incurred heavy expenses in keeping their fields in good condition.

You may as well expect to run a steam engine without water as to find an active energetic man with a torpid liver and you may know that his liver is torpid when he does not relish his food or feels dull and languid after eating, often his headache and sometimes dizziness. A few doses of Chamberlain's Stomach and Liver Tablets will restore his liver to its normal functions, renew his vitality, improve his digestion and make him feel like a new man. Price, 25 cents. Samples free at R E McRoberts drug store.

There are two ways at looking at a farm. It may be worth \$90 per acre to sell and yet may be worth \$100 to keep. It may not be a good policy to sell a good farm if the money is not needed.

A Sprained Ankle Quickly Cured.

"At one time I suffered from a severe sprain of the ankle," says Geo. E. Cuy, editor of the Guide, Washington, Va. "After using several well recommended medicines without success, I tried Chamberlain's Pain Balm and am pleased to say that relief came as soon as I began its use and a complete cure speedily followed." Sold by R E McRoberts, Druggist.

NOEL SISTERS.

PEOPLE

Mr. Owen Shugars is visiting in Louisville.

Mr. Tom Johnston, who has been quite ill, is much improved.

Miss Emma Hood left yesterday to visit relatives in Winchester.

Leslie Herndon is down from Straight Creek for a few days.

Mrs. John M. Farra has about fully recovered from her recent illness.

Miss Olivia Sweeney is at home after attending school in Lexington.

Mr. H. W. Batson, of Lexington, has been visiting his father, Mr. R. H. Batson.

Mrs. John Baughman, of Boyle, visited relatives here Saturday and Sunday.

Mrs. Ed. Hamilton and children, of Louisville, are guests of Mrs. Eliza Eason.

Miss Powell, of Hustonville, is the guest of Miss Katie Simpson at the Mason hotel.

Miss Minnie Eastman, of Danville, spent Sunday afternoon with Mrs. J. E. Stornes.

Miss Georgie and Kate Henry have returned from a pleasant visit to Danville.

Mr. McGill, of Cincinnati, has been visiting his cousins, Misses Martha and Sallie Tillett.

Mrs. George Bruce and son, Howard, of Danville, have been visiting Judge Eph Brown and wife.

Mr. McKee Kinnaird and wife, of Danville, are visiting the family of Spire W. H. Kinnaird.

Berea Citizen: Mr. and Mrs. Geo. M. Patterson, of Lancaster, were visitors at the meeting and all are having a great time.

Miss Louise Kaufman, who graduated last week at Richmond College, is at home for the summer.

Mr. and Mrs. Lynn Hudson, of New Orleans, are expected this week to visit Mr. and Mrs. Banks Hudson.

Harrodsburg Sayings: Misses Mary Gill and Grace Kinnaird, of Lancaster, visited Miss Minnie Riker Saturday and Sunday.

H. B. Arnold and family, of Paris, were visitors to relatives here Sunday and Monday. Mr. Arnold now has a run on the L. and N. between Paris and Lexington.

Col. R. W. Brown, managing editor of the Louisville Times, was to have been the guest of Louis Landram today, but the illness of his wife prevented his coming.

Misses Grace Kinnaird, Mary Gill, Messrs. Herbert Kinnaird, Louis and Will West, leave this week to join a house party given by Misses Fattie and Maggie Burnside in Barboursville.

Danville News: Mr. O. W. Rigney and daughter, Miss Lena, of Lancaster, were in Danville yesterday. Miss Rigney will remain over for a few days with friends. Miss Eliza Smith, of Lancaster, is visiting Mrs. Thomas Gentry in this county. Miss Christine Bradley, of Lancaster, spent Wednesday in this city shopping.

Remember our Guarantee.

FRISBIE'S DRUG STORE.

THE HOME NEWS.

\$1.50 to Cincinnati and return Sunday.

The telephone exchange will be moved next week.

First degree work at Masonic lodge next Tuesday evening.

The meeting at the Christian church will close Thursday night.

The Knights of Pythias will work in the second degree Friday night.

Recent rains have washed the roads, and in many places it will require much time and money to put them in good shape.

Come up town this morning at 10:30 and hear the band concert. Put on your best bib and tucker, as we're going to have company.

Parties wishing to engage a good brass band at a reasonable price, should address Dave Payne, Crab Orchard. The boys have a good band there now.

Compliment For The Record.

Louisville Times: Editor Louis Landram, of the CENTRAL RECORD at Lancaster, is one of the best hustlers in the business. He has added new machinery and type to his office and has employed additional help to handle his growing job trade.

Would Look Well.

Several public spirited citizens are talking of making a flower bed in the center of the Park, on the spot formerly covered by the old band stand. This would make a big improvement, and if looting boys could be kept off the grass the place would be very attractive all summer. Push it along.

Death of Mrs. Dunn.

Many Lancaster friends extend sympathy to Judge M. C. Sandley and family upon the death of his daughter, Mrs. Jennie Dunn, who died in Stanford Tuesday afternoon of last week. Deceased was an unusually bright and attractive woman, a thorough christian and beloved by all who knew her. Funeral services were held Wednesday and the remains interred in Buffalo Cemetery.

Decorations Services.

The local lodges of Knights of Pythias and Abecabees held their annual decoration services Sunday. Speeches were made at the court house by Rev. Mr. Wolford and Hon. R. H. Tomlinson, after which the members marched to the cemetery and placed handsome designs of flowers on the graves of departed brothers. Both these orders have a large membership in Lancaster.

An Enjoyable Event.

The hard rain prevented the Lancaster crowd from attending the opening ball at Crab Orchard Springs, but there was a big crowd there, and the famous resort had the appearance of the good old day when it was crowded from floor to garret with guests all over the country. Every appointment is first class this season, and the parties going there will spend the time most pleasantly and profitably.

To Good Roads Convention.

Judge Joe S. Robinson received notice from Gov. Beckham of his appointment as a delegate to the Good Roads Convention, which meets in Louisville. Mayor Kinnaird has also appointed Mr. O. T. Wallace as a delegate. These two gentlemen are thoroughly posted on such matters, and better selections could not have been made. The convention is of vast importance to the people of the state, as nothing will be of more benefit to the citizens than good roads.

Ahead of Time.

In order to assist in entertaining the Louisville business men, and give each of them a copy of THE RECORD containing information concerning what we have up here in God's country, we print the paper on Wednesday this week, instead of its regular time, Thursday. As our office is full of job work, we didn't have the time to get out an elaborate issue as we intended, but the Louisville boys will find time, when they get home, to look over the paper and see what's going on in Lancaster.

Card of Thanks.

The undersigned committee, in behalf of the Knights of Pythias and the Knights of Abecabees, extend the sincere thanks of those orders to Messrs. G. M. Patterson, J. M. Logan, Messrs. Robertson, Johnston, Burnside, Batson, Messrs. R. H. Batson and R. G. Ward, for the excellent music furnished by them during decoration ceremonies on the 16th. The sweet melody added much to the tribute paid in memory of deceased brother Knights. J. H. Bates, J. Joseph, R. H. Tomlinson, M. D. Hughes, Committee.

Much Damage by Rains.

The fierce rain storm of Thursday did considerable damage to crops and pikes all over the county. Near the double toll gate on Richmond pike, a culvert and about twenty feet of the road were washed away, leaving a hole about ten feet deep across the highway. A great number of small bridges in the county were swept away, while corn and other growing crops were in many places stripped for acres. In town the streets were flooded and the sidewalks completely submerged during the storm. Several hard showers have fallen since, and the prospects for plenty of water this summer are very favorable.

Reeds circus showed to a smaller crowd here Thursday. It was one of the old time road variety, but on a small scale. They had several good performers, but a bum band and no animals.

The Elks are Hustlers.

The Elks of Danville have appointed a committee from among their number to circulate a petition for signers requesting the Post-office Department to establish the free delivery of mails in Danville.

Harrodsburg Wins all Games.

What the Harrodsburg baseball team did for Lancaster last week was a beautiful sufficiency. Three games were played, the visitors winning all. The first was a fair game, the second was rotten, while the third was as warm a number as one cares to see, the score being 2 to 0. These two scores were made on a bunglesome error, which if avoided would have made the best game ever played in central Kentucky. Harrodsburg had players from all parts of the globe, but as Lancaster had the privilege of doing the same thing, there's no room for a kick on that point. Harrodsburg had the best team ever seen in this section.

In Bad Condition.

Danville Advocate: Application was this week made, asking that a committee be appointed from the members of the Fiscal Court to inspect and ascertain whether or not toll could be lawfully collected on the short pike between Hedgeville and Dick's river. This is the road on which the tollgate has been guarded by the county for several nights on account of rangers having several times destroyed the gate by dynamiting. Taylor Terhune and W. H. Gray, magistrates, inspected the road in compliance with the law and reported the road bed and guard rails along the cliffs out of repair, and it was ordered that no more toll be collected until the road is put in condition.

Has Rented an Office.

Lexington Leader: It is now definitely stated that ex-Governor W. O. Bradley will make his future residence and will practice law in Louisville, having secured office quarters at the corner of Sixth street and Court Place. Homer Batson, the young attorney of Lancaster, Ky., who recently came here to practice law, has been asked by Governor Bradley to go with him in his law office in that city. Mr. Batson received a letter yesterday from Governor Bradley notifying him of his arrangements. A number of corporations have already retained him as counsel. It is also reported from a reliable source that he will not actively engage in politics any more, but devote his time exclusively to the practice of law. His family, now at Lancaster, will remain there until the end of the summer, when it will perhaps be removed to Louisville.

Contest at Stanford.

The seventh annual "Blue Grass" elocutionary contest will be held in Walton's opera house, Stanford, next Friday evening, June 21. The first prize is choice between a solid gold watch or diamond ring. There are eight entries, the following towns being represented: Flemingsburg, Stanford, Lancaster, Monticello, Danville, Harrodsburg, Millersburg. Miss Theo Hemphill will represent Lancaster, her subject being "The Soldier's Joy." You had best telephone for a seat, as they are selling rapidly.

Garrard County Medical Society.

The Garrard County Medical Society convened in the parlors of the New Garrard Hotel on Friday evening at six o'clock. The purpose of the meeting was for a reorganization, and forming a society of the physicians of Lancaster and the county of Garrard. The following M. D.'s were elected as officers of the society for the ensuing year: President, Dr. Mack Elliott, of Bryansville; Vice President, Dr. Edwin Poyntz, Paint Lick; Secretary and Treasurer, Dr. H. M. Grant; Committee on Questions and Subjects, Drs. Acton, Cassenburg and Sandlin; Committee of Censors, Drs. Herring, Wesley and Kinnaird. Dr. Kinnaird was chosen to read an essay on "typhoid fever, History, Pathology and Etiology," and Dr. Poyntz an essay, also on typhoid fever, Prognosis, Diagnosis and treatment. Dr. Cassenburg will give a voluntary paper.

At 7 o'clock the society temporarily adjourned for supper in the dining room of the Garrard Hotel, and after an elegant and most enjoyable repast reconvened. After some minor business discussions and motions, in which most all the members participated, the society adjourned, to meet again on the first Friday in July.

H. M. Grant, M. D., Sec'y.

"In His Steps."

Prof. J. Walter Wilson, who is assisting Rev. A. R. Moore in a meeting at the Christian church, will give a lecture on Thursday night on Charles M. Sheldon's great book, entitled "In His Steps," or "What would Jesus Do." No recent book has enjoyed such an immense sale in this country, and in England as Dr. Sheldon's. Prof. Wilson illustrates his lecture by stereopticon views. He also sings several songs, including the Holy City. This lecture has been delivered in a number of large cities and has been well received everywhere. The Press Post, of Columbus, Ohio, speaks of it in the following terms in its issue of April 5:

Mr. J. Walter Wilson, the Singing Evangelist, of Indiana, lectured last night in the Central Christian church on Sheldon's Book, "In His Steps." The lecture was illustrated by nearly two hundred magnificent stereopticon views, and was interspersed with such songs as "The Holy City," and "The Ninety and Nine," which Mr. Wilson sang with great power and expression. The large audience was delighted and inspired to nobler Christian effort and sacrifice.

The meeting will close on Wednesday night and the lecture will be given on Thursday night. A small admission will be charged. Children 10 cents, grown people 20 cents. Prof. Wilson's work here has been greatly enjoyed, and no doubt many will take advantage of the last opportunity to hear him.

All kind of machinery repaired at Conn's.

Scrivens Drawers at 60c. Ward & Simpson.

prietor of this city's largest brewery F. B. Green is of Green & Sons, whole sale shoe merchants, and A. N. Struck is in the lumber business. Louis Seel-

bach is proprietor of the hotel bearing his name.

A fund of \$100,000 to which every Knight Templar in Kentucky contributed has been raised for the entertainment of the conclave.

MARKSBURY.

Several from here attended preaching at Bryantville Sunday night.

The ladies of the Working Society will meet next Thursday with Mrs. Fred Kemper at Lancaster.

Little Miss Katie Miller Yeager returned home last week from a very pleasant visit to her aunt at Mt. Vernon.

Miss Pearl Rott, a charming and accomplished young lady of Houstonsville, has been the guest of Mrs. Sallie Fox.

Mrs. John Frazier and Miss Eliza Williams, of Burgin, attended preaching at the Fork, Sunday and dined with H. D. Aldridge and family.

Messrs. Tom and Virgil Chesnut, accompanied by their sister, Miss Mary, of Hedgeville, visited their sister, Mrs. John Woods, Sunday.

The ladies of the Pleasant Grove church gave a strawberry supper Wednesday night. Although the weather was inclement they made \$40.50.

Rev. Wm. Anderson, of Oklahoma City, will give a lecture at the Fork church, on the evening of July 11th. Subject, "Why Do We Tolt."

Marksburg can boast of two baseball teams, composed of the small boys of the community. They have named their teams the "Mason" and "Marksburg."

News has been received of the death of Mr. Charlie Dobbs Woods. He lived in this community several years. He was widely connected and had many friends. His brother, Mr. John Woods, of this place will attend the funeral.

Mrs. J. H. Durham and little daughter, Annie Lee, who have been spending several weeks with her parents, Mr. and Mrs. H. D. Aldridge, returned home Thursday, accompanied by Miss Maggie Durham who will enter school there.

Jap-a-lac makes old furniture like new and best finish for floors, at Thompson's.

Notice.

All those indebted to Lancaster Graded School for tuition, please call on E. W. Harris and settle at once. T. Curry, Pres't. J. B. Kinnaird, Sec'y. j13-4f.

Fourth of July Rates.

Low rates via the Queen & Crescent Route from all points on account Fourth of July. Tickets sold July 2nd, 3rd and 4th, good returning until the 8th. Ask ticket agents for particulars.

Low Rates via Queen & Crescent.

Montreat, N. C. Christian Workers Assembly, July 21-Aug. 4th. On sale July 22nd, good returning Aug. 8th. Milwaukee, Wis. Grand Lodge, B. P. O. E. July 25th. Long limit, and low rates.

Monteagle, Tenn. Annual Meeting, State Teachers Association, July 23-26th, one fare the round trip, good returning August 16th.

Low Rates to Pan-American Exposition.

Via Queen & Crescent Route. Double Daily Service. Finest trains in the South. Consult ticket agents for rates and full information.

FARM & GARDEN.

The great race horse, The Commoner, owned by Lexington parties, was sold Friday to George Jackson, of Tennessee, for \$15,000.

The wheat crop in Nelson county promises to be a failure. A few weeks ago the prospects for a fine yield of wheat was very flattering, but the dry has made its appearance in some localities and has devastated many acres of promising grain.

A load of 1,500 pound cattle sold on the Chicago market last Wednesday at \$7.30, the top price of this year. Hogs weighing from 233 to 303 pounds sold same day at \$6.17 1/2 to \$6.20. Two loads of hogs weighing 280 to 297 pounds sold for \$6.25.

The mushroom season is here, and a few words of advice and caution may not be out of place. Poisonous toadstools are often eaten for mushrooms, frequently with fatal results. A sure way of distinguishing the difference is by eating them. If you die, they are toadstools; if you live, they are not.

Harrodsburg Savings: Judge Hughes sold his lands Monday at 4 cents. He says that almost any farmer should make 50 per cent on his sheep, but that the ravages of worthless dogs on his flock has driven him to the point where he wants to quit the industry and he will sell his fine ewes at the first opportunity.

Come and see me if you want good ewes on the shares; want them on two years time, with good paper, or will take horses or mules in exchange. I have 400 to 5 years old Southdown and mountain. I can suit you if you want sheep. Come with your trading clothes on. J. I. Hamilton.

Two brothers are going into the snake business at Tipton county, Ind. They have 400 reptiles on hands of various varieties and will soon make it 20,000. That reminds us that under certain conditions 400 snakes could be made to look like 2,000,000 many times, to many men. We have heard of instances where there was no snakes at all in sight and yet a man could see more than 20,000 of different varieties. At any rate if your vision is bad at intervals we would advise you to cut Tipton county out of your route.

Farmers are complaining of the continued damp, cold weather, and fear that the wheat crop will be greatly damaged by what is commonly called rust.

The wheat is nearly made, but the continued disagreeable weather can easily destroy it, so farmers who have investigated claim. The hemp crop, it is said, is also suffering from a pest resembling the Hessian fly. In some localities entire fields have been destroyed by the unknown insect, and several farmers of this county have been compelled to plow up the ground after the hemp had grown in quite a height. All other crops are backward and fruit more so than it has been in many years.—Lexington Leader.

A correspondent of the Kansas Farmer says that twenty-four years ago he planted an acre each of strawberries, raspberries and blackberries. At that time it was difficult to sell the blackberries, and he had to give away many boxes to induce the people to buy the next day. Now he finds them the most profitable berry to grow, as they can be grown with less labor than either of the others, have the longest season of ripening, from the first of early harvest to the last of the Kitting, about 60 days. The latter is the largest and the latest he has had.

The young man who knows how to lay off corn and potato rows, and to regulate the distance of the same so as to get the crops, is worth a cowpen full of nice, kid gloved, fancy overcoated fellows who know how to lead a fashionable waltz. Setting a plow just right and adjusting the gears so that backs and shoulders of the horses will never hurt, are worth a thousand fold more to the country than knowing how to pose in the parlor. Yes, and a girl that can bake a loaf of bread and make a sweet roll of butter is worth a whole seminary of those soft hand angels who sit in the "pabiah" and let their "mas" do the kitchen work.

A writer from Central Kentucky to the Western Tobacco Journal of Cincinnati says of the outlook: "The ruinously low prices for the 1900 crop of tobacco presented so many discouragements, so little comprehension for labor expended, that many growers changed to other crops. Hemp was a much more profitable crop than tobacco last season. On this account alone the crop would have been curtailed at least one third in Central Kentucky. The universal cry throughout the Blueberry district of scarcity of plants, the lack of season, the smallness and backwardness of the plants, would preclude all thoughts of an early crop. With the best possible conditions from now on the 1901 crop cannot reach a higher average than one-half to three-fifths of the 1900 crop in Central Kentucky. I have never known a gloomier outlook for tobacco planting than this season presents. If the laws of supply and demand hold good, we will see a very material advance in the price of tobacco in the near future, and, in twelve months from \$3 to \$5 per hundred higher prices than the 1900 crop realized. There is no question but that the crop will be short from one-third to two-fifths, with condition the most favorable that could be imagined."

Commissioner of Internal Revenue Yerkes declares he is not a candidate for President. His name had been suggested by Kentucky Republicans.

TEATERSVILLE.

W. G. Jones purchased of W. B. Ray, a cow for \$20.

Robt Long bought of Jas Hardwick a horse for \$35.

The home of Mr and Mrs John Dunham was saddened by the death of their baby, Tuesday. The remains were taken to Scott's Fork for interment.

Lotus Bogie purchased from Robt. Burton, a mare and colt for \$100. Robt Long purchased a horse for \$50. Also Mr Long sold a nice horse to Oscar Pay for \$50.

When attempting to cross Paint Lick creek during the recent high water, a little boy of John Simpson's was drowned, his body was not found until next day, and remains were buried in Chapel cemetery. Much sympathy is felt for the distressed parents.

Mr and Mrs Wm Simpson and little son, Creed, have returned from a visit to relatives at Wilmore. Mr Herod Ray and wife, Mr Wm Davis and wife, Mrs Mary Teater, Miss Bogie, Thos. Hughes, Orin Teater and Addie Gulley, composed a lively party that enjoyed a ride on the Falls City from Saunders Ferry to Valley View, on Wednesday. They report quite a delightful time.

Mrs Frank Pierce was summoned to the bedside of her father, James Saunders, who was reported very sick. Friends of Miss Minnie Vickers, received invitations to her wedding which occurred at her home in Montgomery, Ala., to Mr L. A. Morris, on the 12th inst.

WHEN TO PLANT CORN.

Under Favorable Conditions, Authorities Say, There is an Advantage in Early Planting.

In experiments at the Indiana station it was found that the earliest planting (May 1) yielded the largest crop (11 bushels per acre), while the latest planting yielded about one-fourth less (6 1/2 bushels per acre). The time required for the crop to mature decreased as the time of planting was delayed. A delay of 30 to 40 days in planting shortened the time required for the corn to mature from two to three weeks. At a Kansas station the average results of experiments in this line carried on for two years showed that corn planting in the beginning of May gave the best results, and at the Illinois station the average results of similar experiments were in favor of the plantings made from May 1 to 15, with tendencies slightly favoring the later dates.

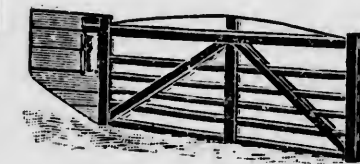

The experiments indicate, therefore, says the department of agriculture, that under favorable conditions there is an advantage in early planting, but in view of the uncertainties of the weather, which is always a controlling factor in the growing of crops, these results must be applied with caution in practice. As Tracy has pointed out, planting should not begin too early in the season:

"Nothing is gained by putting seed in soil which is too cold or wet to favor germination. It is better to defer the planting a week or ten days than to run the risk of losing it by decay or of having an imperfect stand by planting before the ground is sufficiently dry to work well and warm enough for immediate growth. Every missing plant means a decrease in the yield, and replanting the missing hills is seldom profitable. The replants are surrounded by plants which mature and shed their pollen before the younger silks are formed. The pollination is therefore very imperfect, and the ears on the replants are usually shrunken, which are scarcely worth gathering. When the missing plants amount to from ten to twenty per cent, of the whole replanting with some earlier maturing variety which will produce its tassels and silks at about the same time as the original planting is often profitable, but will not pay when the misses are less than ten per cent. When the misses are more than 20 per cent, it will pay better to make an entire new planting."

DURABLE FARM GATE.

Its Inventor Has Used One for Twelve Years and it is Still in Good Condition.

I send photos illustrating a gate I have had in use 12 years, and it is as good today as when first hung. The gate is hung on a pivot resting in a

STRONG FARM GATE.

socket on under side of top rail, and is balanced by a box behind the post, weighted down with stone. Fig. 1 shows this weight, with gate closed. The pivot is a three-quarter inch bolt about ten inches long, driven in

THE GATE TILTED UP.

Every Mother, Expectant Mother or Marriageable Girl

can have a practical treatise on motherhood, telling about "MOTHER'S FRIEND" (that will save months of pain and trouble), sent, free, by sending name and address of self or friends to THE BRADFIELD REGULATOR CO., Atlanta, Ga. "The world can produce nothing like 'Mother's Friend'." Sold by best Druggists, \$1.00, or sent by express paid on receipt of price.

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disgusting pimples.

Eternal vigilance is the price of a beautiful complexion when such remedies are relied on.

Mr. H. T. Shobe, 274 Lucas Avenue, St. Louis Mo., says: "My daughter was afflicted for years with a disgusting eruption on her face, which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, and she decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions. S. S. S. purifies and invigorates the old and makes new, rich blood that nourishes the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

SWIFT SPECIFIC COMPANY, ATLANTA, GA.

top of post. The socket is made of cast iron and weighs about one pound. No hinges to break, no heating out of post, no sagging. Gate is easily opened and shut. Fig. 2 shows the gate tilted up to lift it over about two feet of snow—the situation when photograph was taken.—Samuel Flynn, in Ohio Farmer.

Use Weeders on Farms.

I do not believe that many farmers can afford to be without a horse-drawn weeder on the farm. It kills weeds just when they are starting. It gives rapid, inexpensive cultivation. It breaks the crust after rains, and does it at a rapid rate. It gives surface cultivation, letting the roots be undisturbed. It keeps the ground level. It is especially good for cutting out the little ridge in the row between the plants. In loose soil its work is ideal. In a tougher soil it is even better. It is needed right after the cultivator that has cut out the middles and slightly ridged the row. It is a money-saver in cultivation, but it must be used on time. It is the farm implement that may often pay its cost in a week's work. Test this for yourself.—Alva Agee, in National Stockman and Farmer.

Bridgeport, Probable.

Husband: Did you drive all these horses yet?
Wife: Yes, I did.
"Let me see your hands."
"Here they are, as hard as a bit."
"Hm! Who had the nails?"—N. Y. Weekly.

An Unlucky Coincidence.

Silas: How did Easy Marks come few lose his farm?
Jesse: He thought his neighbor's fence was encroaching on his land, and the very first dawn lawyer he spoke took about it thought so, too.—Puck.

To Be Expected.

"I believe she is thinking of marriage," she said.
"Of course," he returned.
"Why do you say so for?"
"Because of her sex."—Chicago Post.

Love Matches.

Philosopher: And so the marriage of Mr. and Mrs. Beggs was a love match.
Gossip: No doubt of it.
Philosopher: Which one does the loving?—N. Y. Weekly.

The Secret of Success.

"Easy enough. Everybody thinks he is talking about everybody else!"—Brooklyn Life.

Husbands to Burn.

Mrs. Crimmonback: What do you think of the wives who take red-hot poker to their husbands?
Mr. Crimmonback: They must think they've got husbands to burn.—Yonkers Statesman.

Nothing Personal.

Freshleigh: I never could see how a woman can kiss a dog.
Miss Dimples: And I dare say there are lots of dogs who can't see how women can kiss some men.—Ohio State Journal.

Easy.

Teacher: Now, Johnny, if you had four apples to divide among three boys, how would you divide them?
Johnny: Take one apple and shoot craps for the odd one.—N. Y. Journal.

The First Kiss.

"The first kiss," remarked the observer of events and things, "is a good deal like a child in the eye—it is a little thing, but it can make a whole lot."—Yonkers Statesman.

A Mental Week.

She—I suppose the old lady is in her second childhood?
He—Apparently. She actually boasts that she will be 72 next fall.—Harlem Life.

Dr. R. Goldstein, of Louisville, will be at

Lancaster, July 1 and 2, 1901.

for a few days only at the New Garrard Hotel and will fit glasses to the eyes of all who need them. He has made the study of optics a specialty, and anyone in need of glasses can not do better than to give him a call. He will be found at his room at the New Garrard Hotel.

Parents of children whose eyes are in any way affected should take them to Dr. Goldstein and have them examined. Too much care can not be taken in this particular, as any neglect of the parents may lead to most serious consequences in after life. If the eyes of a child need glasses the doctor can determine it and adjust such glasses as will be most apt to preserve and increase their strength.

This gentleman has been giving satisfaction for many years, and we recommend him as worthy the patronage of the public. Those suffering with their eyes should call on him and if they don't get relief it will not cost them a cent. He can adjust to any eyes and any age.

A good glass rightly adjusted is a luxury to a person with failing sight they can not afford to do without. A glass imperfectly adjusted is worse than no glass.

Office hours 9 a. m. to 5 p. m.

Three Years In Richmond, Kentucky.

And out of all the sets of teeth that have been made at my office, if there is one set or any sets that show any defect, I will make a new set FREE.
